

## **Cultural Heritage Actions to Refine Training, Education and Roles (CHARTER) - Erasmus + Project**

### **Panel**

The Erasmus+ funded project Charter started in January 2021 and will be developed during the next four years. Cultural Heritage Actions to Refine Training, Education and Roles (CHARTER) seeks to create a lasting, comprehensive sectoral skills strategy to guarantee that Europe has the necessary cultural heritage skills to support sustainable societies and economies, including transversal competences such as digital/technological and green/blue economy skills. The consortium of 47 partners represents some of the top education and training institutions, organisations, networks and employers of the European cultural heritage sector. They have joined forces to professionalise the cultural heritage sector and combat the lack of statistical recognition of the sector as an economic force.

- Clarify occupational roles and activities as well as create tools for an integrated, responsive education system.
- Identify curricula and learning outcomes to equip education and training to respond to current and future needs for cultural heritage skills.
- Structure cultural heritage as an economically active sector.

The Alliance covers 5 fields of analysis to identify core and transversal competences, including digital, technological and green adaptation skills. Safeguarding and preservation; crafts and traditional knowledge; dissemination and communication; knowledge; planning and management. The organisations behind CHARTER represent both demand and supply sides. All are aware of the specific educational, occupational and economic frameworks, policies and agendas of the EU that guide each work area and profession, as well the mechanisms required for up-skilling and reskilling to sustainably address the needs of a changing sector and its workforce.

### **Motivation**

Presentation of the project to a wider professional audience, invitation to the Charter alliance

### **Target Audience**

Cultural heritage professionals of all kind
